About This Content

My name is Leon Legionnaire, commander of the Armies of Aiguillon, connoisseur of fine cheese and loyal servant to the TRUE emperor: Blabus Zorkonius. Owner of a stolen space yacht, winner of the 3586 jeu de boules cup. I will claim my glory, in this battle or the next.

This DLC contains a custom skin for Leon Chameleon in Awesomenauts. You need to have Leon Chameleon available as a playable character in order to access the skin in-game. Owning this skin will also unlock the special portrait for use in-game.

Leon Legionnaire was designed by community member Lautaro Aglione for the Design-a-skin competition and was chosen by the community as one the runner-ups to Grim Genji from more than 250 submissions!

I love this skin. Fun to play with, fits the art style and it makes leon look a lot better compared to his normal skin.. This makes Leon more awesome, so...why not?. Leon is French
Leon uses quotes from Monty Python
Leon now has a skin that makes him into a Roman Soldier
Leon is now a walking reference to one of my favorite franchises ever.

Whenever I use this skin, I rename myself to "Biggus Dickus*. my name now is biggus backstab duckus
